

Owner maintains a list of entities that may be certified DBEs. These entities have been identified based on information available online through DBE resource associations or representations made on websites or through direct contact. Each DBE solicited and included in the Bid must be certified by the EPA, Small Business Association, Department of Transportation, or by another state, local, tribal or private entity whose certification criteria match the EPA criteria. Evidence of such certification is required, and the certification must have been valid at the time of the Bid submission. Owner makes no warranty that this information is correct or up to date or that these companies are qualified to perform the required work. Bidder shall make its own assessment of a potential DBE entity's qualifications to perform the work and must verify DBE certification status. The preparation of this DBE Solicitation List by Owner shall not substitute for the Bidder's obligation to independently comply with all Good Faith Effort steps.

North Bay Water Reuse Program SVCSD Main Sewer Trunk Replacement and Recycled Water

<u>Firm Name</u>	<u>Brief Description</u>	<u>Website</u>
